Patient Care Policies at West Orange Family Medical Care, Update for 2014	
1. Dr. Michael G Mercado is the Directing Physician at WOFMC and although he may not directly take care of you, he is at all times available as a medical consultant for any highly-trained and experienced Nurse Practitioner or Physician's Assistant entrusted to autonomously provide medical care to patients at WOFMC.	
2. The entire staff at WOFMC works together as a team and is committed to providing our patients with a comfortable environment to receive compassionate, competent, and individualized medical care. If there is a situation that does not meet your expectation, we will do our best to correct, however we do ask for your calm and respectful treatment of each staff member at all times.	
3. Medical care is provided by appointment only. Every request you may have related to your medical care requires "face-to-face" time with a provider who can then document your encounter and your plan of care to be implemented. This includes prescription renewals, home care and DME provision. Home care agencies take care of skilled and intermittent medical needs. Home care does not provide care to homebound sick or elderly patients who are chronic but stable.	
4. If you become sick and need an urgent or same day visit, please be assured that we will make every effort for you to be seen by a provider. You will receive treatment for that illness only. We do our best to keep your wait time as short as possible, but in our effort to be thorough and attentive with every patient, and as some of our patients are severely ill and require more critical medical care; we apologize if you are not seen by your provider at your appointment time.	
5. We request that you bring ALL your medications with you to every visit so we have an accurate accounting of your treatments. We request that you have your medications refilled at the time of your visit. When you or your pharmacy contacts our office for refills outside of an office visit, we still have to consult your chart to see if your refill is appropriate. Prescribing for patients who are in the office takes priority and your refill request could take up to one week to complete.	
6. If you require a prescription of a controlled medication, for pain, muscle spasm, cough, insomnia, anxiety, ADD/ADHD in the course of your medical treatment, it will be prescribed by Dr. Mercado only. Documented testing results, report of symptoms and physical findings must support the use of a controlled substance, and only when all others methods of treatment have failed. Urine testing will be done at random visits at your cost and surveillance reports of your controlled substance use as tracked by the pharmacies and the State of Florida will be reviewed. Do not call the office at anytime for refill of controlled meds, as you will need an office visit. Lost or stolen meds or scripts will not be replaced.	
7. You may find that your insurance company will not pay for certain medical procedures, medical equipment, specialty medications, brand name drugs, or even some generic medications or that deductibles or co-pays do not fit your budget. WOFMC providers will choose medications or treatments that are on formulary with your insurance carrier. If you consider a medication or treatment to be life-saving, exclusive of all other options, you will be referred to a specialist. Pre-authorizations or any other letters of appeal are generally NOT done in this office.	
8. WOFMC is in the process of converting from a paper medical record keeping system to Practice Fusion, a cloud-based electronic medical record keeping system. The staff considers patient confidentiality to be a very serious matter and therefore we have many layers of electronic security that help keep your medical history private. In the event that the entire Practice Fusion data base becomes hacked, our office will inform you as soon as is humanly possible and put you in touch with the administrative offices of Practice Fusion.	
9. For the convenience of our patients, WOFMC offers a line of natural patented nutritional supplements and skin care products developed and distributed by Mannatech, Inc. Mannatech's products contain stabilized aloe vera in addition to other high quality ingredients. While our providers, in the course of interpreting your labs results, may recommend certain vitamins or minerals, our patients are under NO obligation to purchase those supplements from our office. Any interested patient will be referred to Lillian Mercado, our Wellness Coach. Most importantly, the offering of Mannatech nutritional supplements in our office is NEVER intended to treat conditions or cure illness. We care only to potentially provide you with the availability of high quality nutritional products that you would seek out for yourself in a retail marketplace.

## WEST ORANGE FAMILY MEDICAL CARE FINANCIAL POLICY

Thank you for choosing our office as your health care provider. We are committed to your treatment being successful. Please understand that the payment of your bill is considered a part of your treatment, to provide you with staff and facility in which to serve you. The following is a statement of our financial policy which we require you read and sign prior to any treatment.

All patients must complete our Patient Intake forms, Patient Care Policy form, and HIPAA form before seeing any of our providers at West Orange Family Medical Care.

- Full payment of visit, insurance deductibles, or co-pays are due at the time of service.
- We accept cash, checks, Visa, Master Card, and American Express for payment.
- We offer an extended payment plan with prior approval by the Office Manager, after the initial visit.
- The providers are not aware of payment arrangements, except to the extent that they are sensitive to provide treatments that are covered by your insurance or affordable to you otherwise.

### Insurance and Covered Services

We will bill your insurance company after your deductible has been met. If payment is not made by your insurance, the patient becomes fully responsible for payment. If your insurance company has not paid your account service within 45 days of billing, the balance will automatically transferred to your account. Please be aware that some, and perhaps all, of the services provided may be non-covered services and are not considered reasonable and necessary under the Medicare program and/or other medical insurance, you will be informed in advance of service rendered, as much as we are aware.

### Participating Provider with your Insurance Plan

All co-pays and deductibles are due prior to treatment. In the event your insurance coverage changes to a plan where we do not participate, refer to the paragraph above.

### Usual and Customary Rates

Our practice is committed to providing the best treatment for our patients and our charges are considered "usual and customary" for our geographical area. You are responsible for payment regardless of any insurance company's arbitrary determination of usual and customary rates.

### FEE SCHEDULE for Forms

Please be aware it may take up to 2 weeks for any form to be completed. To ensure accuracy and avoid possible delays, the patient is responsible for completing all fields that pertain but not limited to: Employee information, medical facts, performance impediment, amount of level needed, etc. It is also necessary that the patient attach a summary of his/her condition explaining why the forms are being required. In addition, if there are any fields left blank for any reason, you must include an explanation as to why you feel you cannot input an answer. Without this information, you may hinder your form(s) readiness for pick up.

**PAYMENT IS DUE AFTER FORM(S) HAVE BEEN COMPLETED. YOU WILL NOT RECEIVE, HAVE FAXED, OR MAILED ANY FORM(S) UNTIL PAYMENT HAS BEEN MADE.**

Disability Forms (short and long term)	\$45.00
FLMA FORMS	\$25.00
Letter explaining diagnosis or travel letter	\$25.00
Form(s) for court of any kind	\$25.00
Jury duty excuse, work or school excuse, Handicap form(s) for DMV	\$ 0.00

THE UNIVERSITY OF CHICAGO

Department of Chemistry  
5780 South Ellis Avenue  
Chicago, Illinois 60637

Dear Sirs:

I am pleased to inform you that your application for admission to the Ph.D. program in Chemistry for the fall semester has been accepted. You will be admitted to the program on a full-time basis.

Your admission is contingent upon your successful completion of the required pre-admission examinations. These examinations will be held on the campus of the University of Chicago in the month of August. You will receive a separate letter regarding the details of these examinations.

You will be assigned a faculty advisor upon your arrival on campus. Your advisor will be responsible for your academic progress and will help you select your courses.

You will receive a letter from the Registrar's Office regarding the registration process. You will also receive information regarding the financial aid program available to you.

We are pleased to have you join our department and look forward to your arrival on campus. If you have any questions, please contact the Department of Chemistry at the University of Chicago.

Sincerely,  
The Department of Chemistry

Yours truly,  
The Department of Chemistry  
The University of Chicago

Enclosed are two copies of your admission letter and one copy of the pre-admission examination schedule. Please retain these documents carefully.
