WEST ORANGE FAMILY MEDICAL CARE PATIENT CARE POLICIES

1. Dr. Michael G. Mercado is the Directing Physician at WOFMC and although he may not directly care for you, he is at all times available as a medical consultant for any highly-trained and experienced Nurse Practitioner or Physician Assistant entrusted to autonomously provide medical care to patients at WOFMC.

2. The entire staff at WOFMC works together as a team and is committed to providing our patients with a comfortable environment to receive compassionate, competent, and individualized medical care. If there is a situation that does not meet your expectations, we will do our best to correct it, however we do ask for your calm and respectful treatment to each staff member at all times.

3. Medical care is provided by appointment only. Every request you may have related to your medical care requires "Face to Face" time with a provider who can document your encounter and plan of care to be implemented. This includes prescription renewals, Home Care, and any DME provision. Home Care agencies take care of skilled and intermittent needs. Home Care does not provide care to homebound sick or elderly patients who are chronic but stable.

4. If you become sick and need an urgent or same day visit, please be assured we will make every effort to have you seen by a provider. You will receive treatment for that illness ONLY. We do our best to keep your wait time as short as possible, but in our effort to be thorough and attentive with every patient and some of our patients are severely ill and require more critical medical care; we apologize if you are not seen at the time of your appointment.

5. We require you bring in ALL your medications with you to every visit so we have an accurate accounting of your treatments. We request you have your medications refilled at the time of your visit. When you or your pharmacy contacts our office for refills outside of an office visit, we still have to consult your chart to ensure your refill is appropriate. Prescribing for patients who are in the office takes priority and your refill request could take up to 1 (one) week to complete.

6. Please be aware, in order to prescribe any NARCOTIC medication all patients are required to have previous medical record on file. If you require a prescription of a controlled medication for pain, muscle spasm, cough, insomnia, anxiety, ADD/ADHD in the course of your medical treatment, it will be prescribed by Dr. Mercado only. Documented test results, reports of symptoms and physical findings must support the use of a controlled substance, and only when all other methods of treatment have failed. Urine testing will be done randomly at your cost and surveillance reports of controlled substance use as tracked by the pharmacies and the State of Florida will be reviewed. Do Not call the office at any time for refill of controlled meds, as you will require an office visit. Lost or stolen meds or prescriptions will not be replaced.

7. You will find that your insurance company will not pay for certain medical procedures. Medical equipment, specialty prescriptions, brand name drugs, or even some generic meds or that a deductible or co-pay does not fit your budget> WOFMC providers will choose medications or treatments that are formulary with your insurance carrier. If you consider a medication or treatment to be life-saving, exclusive of all other options, you will be referred to a specialist. Pre-authorizations or any letter of appeal are generally NOT done in this office.

8. WOFMC staff considers patient confidentiality to be a serious matter and therefore we have many layers of electronic security that help keep your medical history private. In the event the entire Practice Fusion data base becomes hacked, our office will inform you as soon as is humanly possible and put you in touch with the administrative offices of Practice Fusion, a cloud based electronic medical record keeping system.

9. For the convenience of our patients, WOFMC offers a line of natural patented nutritional supplements and skin care products developed and distributed by Mannatech, Inc. Mannatech's products contain stabilized Aloe Vera in addition to other high quality ingredients. While our providers, in the course of interpreting your lab results, may recommend certain vitamins or minerals, our patients are under NO obligation to purchase those supplements from our office. Any interested patient will be referred to Lilian Mercado, our Wellness Coach. Most importantly, the offering of the products in our office is NEVER intended to treat conditions or cure illness. We care only to potentially provide you with availability of high quality nutritional products you would seek out for yourself in the retail market.
